These conspirators forensic scientist, counsel, judge, STATES ATTORNEYS, police officers, conspired among themselves jointly TO Engage in a unlawful Act and in Agreement TO Cover up EXONERATING Evidence that exclude plaintiff as the donor of this evidence prosecutors in a bad faith prosecution concealed from THE COURTS TO SUPPORT police illegal DESTRUCTION of this evidence TO Falsely file false criminal charges on plaintiff on fabricated false documents for unfounded criminal charges could be pending Against TO bring down and destroy people of minority race for NO wrong doing All of these conspirator misused thier power possessed by virtue of STATE law and made possible only because these wrongdoers are clothed with the authority of STATE law police officers ACTED under color of law and obstructed justice And concealed these true facts that EXIST OF A DNA MATCH of someone else on April 19, 2005 The victim of this case after being sexually assaulted by some one else that was NOT ME.

Officers TOOK the victim of this crime TO Lincoln park hospital Late night on April 19, 2005 AFTER the assault took place See EXHIBIT 1 ATTORNEY WORK PRODUCT SHEET MADE by public defender Richard PAULL Indicates that the victim was taken to the hospital AFTER this ATTACK Counsel, judge, prosecutors in Agreement with each other with police and others COMMITTED A CRIME OF CONSPIRACY AND FALSELY TOLD plaintiff TO MISTAKE him and prosecutors, and counsel TOLD the judge that the victim OF this case called police TO report this crime April 21, 2005 AT 11:40PM and on 4/22/05 AT 1:46 AM A pair

OF parties was recovered by Grant and put in inventory # 1052080b SEE ALSO in exhibit 1 Answer TO Discovery SHEET page 3 Indicates that in Inventory number 1052080b There is 1 pair of women's underwear in evidence which was recovered 24 days Later According To THE ATTORNEY work product Document counsel Filed this false fabricated ATTORNEY work product SHEET TO Conceal that SEE exhibit 2) Arrest report page 2 of 5 Indicate that The witness of this crime was Taken To the Lincoln park hospital AT the hospital A trained personnel sexual Assult nurse Examined the victim According To the arrest report The physician used a Sexual Assault kit TO collect Seminal sample from the victim's Vagina A Vaginal Swab was Taken from the victim

And the presence of semen was found on the swab The personnel who Examined collected as evidence the victim's clothing and panties Because the panties had a large Semen Sample on it The panties was collected April 19, 2005 NOT April 22, 05 The DNA samples were forwarded TO A forensic Biologist for DNA typing and comparison NAME K. Behle Biologist The Biologist Developed the same DNA profile from the Seminal STain found on the swab and panties that was recovered as evidence forensic Biologist submitted the profile Developed from the Vaginal swab, and panties The Biologist searched the profile Against The codis federal DNA index offenders profiles, convicted offender index profiles stored in codis of Felony sex offenders, and violent offenders To see if a hit and match could be made when the sample was submitted in codis the Computer Software automatically searched these TWO Indexes

In codis Convictedoffender's Index which contains DNA profiles of felony sexoffenders, and violent criminal DNA profiles and The forensic index which has DNA profiles from crime scene evidence of NO suspect such as Blood and semen this was the current version used by the forensic Biologist when she submitted the DNA profile Developed from the panties, and vaginal swab this forensic Biologist made a match between The Develop profile from the DNA evidence recovered by the personnel at Lincoln park hospital and a stored profile of A convicted offender of a Known Sex offender, or a violent offender Already in codis convicted offender Index NOT the Illinois DNA index Christopher Webb and on 11/22/05 confirmed also a DNA Match of someone else Kathleen Kozak A forensic scientist also confirmed a DNA match of someone else all of these forensic Biologist and forensic scientist all generated a laboratory report that reported this sexoffender or violent offender profile in codis as the donor of the evidence found by the personnel at Lincoln park hospital this laboratory report reported the statistical frequency which estimates how rare the evidence profile is in various large ethnic populations counsel and prosecutors in agreement Acted jointly and conspired in agreement to deprive me of Liberty and illegally removed and destroyed this exculpatory information from the DNA chain of custody of this case, and concealed these exculpatory, sources of evidence from the courts and counsel assisted police officers in this case in conspiracy when he falsified these facts in the ATTorney Work product sheet to deprive me of

Liberty And Filed Fabricated Documents To Frame Me with this crime Counsel Fraudtently Then Filed This false Mistaken Attorney work product sheet that indicated that the victim's pair of parties was discovered 3 days later at her college dorm because police illegally placed my DNA Buccal swab on another pair of parties that was NOT the original one discovered at the hospital TO cover up the destruction of evidence and for false criminal charges could be put Against me and to continue to act in concert with other conspirators Counsel in Agreement with the STATES ATTORNEY TO Deprive plaintiff of A unfair trial prosecutors in Bad faith on A Motion hearing for probable cause Determination held on 03 - 13-07 presented these perjured testimony that this pair of parties was recovered 3 days later AT this victim college dorm because they were in Agreement to conceal the truth there is no legal basis for this arrest and plaintiff have been held falsely imprisoned these true facts were distorted and concealed Quinton pitlock plaintiff Attorney because he is in Agreement with these other conspirators to obstruct justice he failed to litigate, and reveal promptly to the courts Richard paulL and Deana Binstock distorted and corrupted the process of Law along with other conspirators

and aided and Abetted the state prosecutors, and police To file false police reports, prosecutors presented perjured statements and false fabricated documents filed illegally with the clerks office To frame me with this crime The Misleading written false Stipulation Document Shows the Flawness of this case and corruption committed by these conspirators who Agreed To Deprive me of A fair trial in ~~#~~ 12 in exhibit 3 Stipulation document Indicates that this verification process also entails DNA analysis of an additional New buccal swab from the convicted offender Sample kit To verify the DNA profile in codis is correct There is No verification No where in the record of this case that Kathleen KOZAK the forensic scientist verified the DNA profile that was given To Law enforcement was correct Because she made No verification of that profile The stipulation Document Indicated that DNA analysis of A New buccal swab from the convicted offender kit was to be verified by Kathleen KOZAK the wrong profile was given to police because Kathleen KOZAK the codis Administrator did not Analysis an additional New buccal swab To verify that this profile written falsely was correct Verification of A New buccal swab was not

Taken and done until 2/23/08 by Kelly Ashton NOT by Kathleen Kozak the Calis Administrator Counsel stipulated to this fraud false untrue document improperly TO Deprive me of A fair trial after writing falsely in Agreement with prosecutors that my DNA profile match as A hit the evidence sample knowing that there was A DNA match on someone else and my profile was released to Law enforcement Before my DNA Buccal Swab was taken illegally and those results were given taken illegally without Kathleen Kozak given verification that this profile was correct knowing that there was NO need for verification of A new buccal swab of plaintiff Because there was a DNA match on someone else this was done by conspirators TO cover up traces of thier criminal activity false arrest, and TO continue TO conceal the true facts of this case The judge of this case James B. Lim Aided and Abetted And participated in this conspiracy because his prejudicial and Racial bias has knowledge that these conspirators including him have obstructed justice And has failed to present this exculpatory evidence the judge has power to prevent this Conspiracy from causing any more injuries or Constitutional violation but has

refused and has disregarded this criminal activity because he is also involved and a complaint is pending with the judicial inquiry board to investigate this racial judge criminal corruption because he continuously provide plaintiff with unfair judgement and refuses to inspect these documents that prove that DNA samples were taken by Lincoln park personnel on the same day this crime was committed from inside of this victim and matched someone else and not 4 days later he also has knowledge of conspirators wrong full act and has failed to prevent any more injury to plaintiff or has refused to stop further criminal activity by conspirators because the judge has engaged in a bribery offense to deprive plaintiff of his constitutional right on plaintiff last court date April 4, 08 plaintiff requested the judge to investigate these documents that are illegally detainee and framing plaintiff to this crime innocently for 2 years and 3 months judge has ignored this exculpatory facts and to cover up for other conspirators and to conceal further the truth of the evidence of this case and to cover up for his own self-protection and others for the crime they have committed jointly after I told him I have documents I have for him to review today that would help in proving my innocence and would dismiss this case

he refused to let me address these issues in his court room and refused to inspect and review these documents and has disregarded all these facts he now unnecessarily in agreement with a psychologist requested to me to be given a psyc. evaluation a mental fitness examination after I showed him documents that prove my innocence and that were filed falsely in agreement with counsel acting jointly counsel falsely lied to the judge misleading him to believe that I failed to cooperate with him as a cause of retaliation because complaints were filed and are pending against him with the A.R.D.C commission and all 3 conspirators the judge, cause and a state psychologist are now planning to commit plaintiff

involuntary to a mental institution knowing that he is fit to stand trial and understands the proceeding of this case very well for plaintiff could recklessly receive involuntarily anti psychotic drugs to cause permanent damage to plaintiff brain system and permanent disabling side effects and could affect plaintiff ability to think clearly as a retaliation against plaintiff I am requesting this court to please stop this happening and remove this judge from making judgement on my life and to please conduct a federal investigation for this criminal justice system corruption SEE exhibit 4 fit to stand trial document proves this evaluation is unnecessarily given unreasonable

30. a single person is expected to contribute at most two alleles for each locus more than two peaks were visible at locus police arrested the wrong person and they had the knowledge forensic scientist has unreported these problems that exonerate me and these unreported problems were not reported and the DNA incriminates plaintiff Christopher Webb after developing a DNA profile from the seminal stain DNA sample that contain DNA from two or more individuals the analyst searched the profile against the Federal Bureau of investigation National DNA index system forensic database CODIS convicted offender index which contains DNA profile of individuals convicted of felony sex offenses and other violent crimes to see if a hit and match could be made Christopher Webb lab analyst confirmed a DNA match on someone else with a DNA profile in the Federal CODIS convicted offenders index convicted of Felony sex offense or a violent crime that was not plaintiff but before confirming a DNA match of a known sex offender or violent offender in CODIS Christopher Webb after developing a DNA profile from a mixture of two or more seminal stains mixed together in one DNA sample found on the panties although the sample was insufficient and degraded and contaminated the analyst searched the develop incomplete profile in the Illinois DNA STATE index CODIS and did not find any hit or match no DNA profiles in the Illinois DNA STATE index matched the incomplete DNA profile develop from the panties

2.1. plaintiff does not have a DNA profile in THE National DNA index SYSTEM (federal CODIS) which THE current version of CODIS uses TWO indexes To generate investigative leads in crimes where biological evidence is recovered from THE crime scene THE convicted offender index contains DNA profiles of individuals convicted of felony sex offenses AND OTHER violent crimes CODIS UTILIZES COMPUTER SOFTWARE TO AUTOMATICALLY SEARCH its two INDEXES for matching DNA profiles this was THE current version of CODIS used Christopher Webb SUBMITTED THE incomplete DNA profile DEVELOPED from THE parties SUBMITTED it in THE federal CODIS DNA DATABASE for IDENTIFICATION PURPOSES and CODIS UTILIZED THE COMPUTER SOFTWARE TO AUTOMATICALLY SEARCH its two INDEXES WHERE A DNA MATCH was FOUND of SOMEONE ELSE TO SUPPORT THIS COMPLAINT See EXHIBIT 1.) THE ATTORNEY WORK PRODUCT DOCUMENT THAT INDICATED ON 8/31/05 DNA was DEVELOPED from A FEMALE UNDERWEAR ON 9/01/05 CODIS RUN/HIT ON A CONVICTED OFFENDER OF A FELONY SEX OFFENSE, OR VIOLENT OFFENDER WHEN CHRISTOPHER WEBB THE ANALYST SEARCHED THE PROFILE AGAINST THE CODIS DATABASE CONVICTED OFFENDER INDEXES THAT CONTAINS DNA PROFILES OF FELONY SEX OFFENDERS AND VIOLENT OFFENDERS CHRISTOPHER WEBB CONFIRMED A HIT ON SOMEONE ELSE ON 10/25/05 CODIS ALERTED TO C.P.D AND PROVIDED A BIOGRAPHY PICTURE AND OTHER INFORMATION AND DNA PROFILE OF THE RIGHT PERSON THE HIT CONFIRMED THAT

22. The DNA profile of A individual convicted of A felony sex offense, or A DNA profile of A violent offender NOT plaintiff from someone already in The database could reliably be typed and matched back to that same person And CODIS alerted The Chicago police DEPT of this individual that was not Plaintiff On 11/22/05 A LAB report was made and Generated by Christopher Webb which reported this convicted offender DNA profile of someone else as the donor of The DNA evidence found on The panties and reported A statistical frequency which estimated how rare The Evidence profile is in various large ethnic population Groups, plaintiff has never been obligated by law to provide A DNA sample for genetic testing for A conviction of A sex crime or A conviction of A violent crime and The Director of the Federal Bureau of investigation who shall carry out a DNA analysis of The sample and include The results in CODIS convicted offender Index federal national DNA databank which contains DNA profiles of individuals convicted of felony sex offenses and other violent crimes Therefore I should not have A DNA profile in federal CODIS because I do not fit The legal qualifications to be A part of This database SEE Exhibit 2 Qualifications of CODIS And type of offenders who have DNA profiles in federal CODIS The Judge of this case has disregarded These issue's pertaining to my case and has knowledge that there is A DNA match on someone else and has the power to prevent A wrongful conviction but has failed to dismiss These charges because he has engaged in A conspiracy under 42 U.S.C.A. 1986

23. because of Racial animosity plaintiff have been dislike and discriminated by the courts and police officers who have knowledge of the fact that plaintiff is innocent and that police has made a false arrest because they had the knowledge that there is a DNA match on someone else and plaintiff is NOT TO be blame for this crime because of Racial animosity plaintiff has been intentionally discriminated by police because plaintiff is of a racial minority plaintiff was treated different than a white person police did not have a reasonable suspicion or probable cause to stop and illegally seize plaintiff from his private place of resident without a warrant 10 months later after this crime was committed because of racial profiling plaintiff was beaten by police because of his race then police manipulated a line-up and allowed plaintiff to be seen by the victim in handcuffs before a line-up occurred and told the witness to pick plaintiff from the line-up knowing that plaintiff did not match at all the victim's physical description of her attacker in certain key details

24. During a illegal interrogation plaintiff was handcuffed by police while NOT under arrest for 7 hours without water or psychotropic medications and without counsel and in pain from the brutal beating he unreasonably received from police plaintiff requested counsel and was denied counsel plaintiff requested medical assistance and his medications but was denied medical treatment and medications and plaintiff was at risk of physically harming himself

because plaintiff had highly suicidal intentions because plaintiff treatment
 was not complete AT THE Mental institution plaintiff 8th Amendment const:
 Right of cruel And unusual punishment clause was violated
 plaintiff was disoriented and confused and his Mental capacity was not
 stable police Took advantage of his mental condition AT THE time
 being through A illegal interrogation that was coercive tricked,
 and lied To plaintiff And requested plaintiff To sign a release
 form police told plaintiff If the form was signed he will be
 release from jail plaintiff signed the form while not in his Right
 STATE of mind not knowing the form was really a consent form
 consenting to A DNA Buccal swab because police never ask for my
 Consent TO A DNA Buccal swab After the form was signed NOT
 knowingly police then told plaintiff to stand up while handcuffs
 behind plaintiff back police then put plaintiff in the choke hold
 Told plaintiff to open his mouth plaintiff opened it BEcause
 he was Afraid of receiving Bodily harm police then unreasonably
 Took A DNA Buccal swab without probable cause recklessly NOT
 given knowingly and voluntarily After the sample was taken
 plaintiff was arrested there was no reasonable grounds
 for the arrest or to seize illegally A DNA sample because
 before the DNA Buccal swab was taken police had the
 knowledge that there was A DNA match on someone
 else And plaintiff did not match the physical description
 of the Attacker the victim identified AT the time of
 reporting this crime the arrest was made and use
 as a pretext to A search for evidence in violation
 of the fourth Amendment plaintiff was arrested without
 any legal process the court has disregard these issues
 pertaining to this case the court also has disregard
 that plaintiff was misidentified at a line-up
 These searches were conducted for harassment purposes and was
 A pretextual search which does not correspond to police real purposes

25. The Seizure was A invasion of privacy police recklessly After the Seizure of the Warrant less DNA Buccal swab Taken illegally by use of excessive force unreasonably police used the DNA Buccal swab As the fruits of the crime Officers illegally removed from the DNA chain of custody the original pair of parties And The vaginal swab kit Evidence recovered at the Lincoln park hospital personnel which had A seminal stain of someone else that was not plaintiff officers illegally destroyed that pair of parties recklessly And planted another pair of parties illegally in the chain of custody that was not the original pair with plaintiff DNA Buccal swab on it police planted plaintiff DNA Buccal swab on this diffrent pair of parties because police wanted to connect plaintiff to this crime with DNA evidence The courts have disregard these issue pertaining to this case

26. plaintiff is requesting for the this federal court to enjoin criminal investigation because plaintiff was prosecuted by motive of racial animus to deter plaintiff of his constitutional right and all the documents in the government possession pertaining to this case were obtained and made by illegal means plaintiff is seeking temporary injunction because of plaintiff race and police misconduct police officer maliciously under a malicious prosecution under 1983 in violation of plaintiff other constitutional rights violation of substantive due process right and under the fourth amendment right to free from unreasonable searches and seizure plaintiff was deprived of liberty when police filed unjustifiable false criminal charges

On plaintiff after police made A false Arrest intentionally causing
 of 26 prosecutors TO bring unfounded charges NOT based on the true facts
 of this case on plaintiff because of Racial animus and filing
 false police reports, and information TO the prosecution
 ATTorneys and police officers assisted the prosecutors to
 Ratify and direct the prosecution and The continuation
 of this criminal case Establishes Malicious prosecution
 Against police officers for with holding Exculpatory evidence
 from the courts pertaining to this case police intentionally secured
 A FALSE Identification During the interrogation That was illegal
 And coercive officers had NOT informed plaintiff of his Miranda
 rights and plaintiff had explicitly asked the Officer TO stop
 questioning plaintiff plaintiff substantive due process right has
 been violated And the courts Are disregarding these facts
 Pertaining to this case.

27. police came in Agreement with the public defend TO engage in conspiracies
 TO deprive plaintiff of his constitutional Rights TO COMMITT A Unlawful
 ACT The State ATTORNEY Acted also in conjuction with police officers
 and has conspired with counsel and police TO COMMITT A injury to
 plaintiff and deprived him of A fair trial BEcause counsel who was
 Assigned TO represent ME in the beginning of this case Richard
 Paul, and Deand Binstock had the Knowledge of THE false Arrest and
 Police Misconduct counsel Also had the Knowledge that plaintiff was
 Misidentified AT A line-up And that there was A DNA Match on
 Someone else counsel was Misleading Me TO believe that the DNA match
 was on ME And was not providing plaintiff with The right effective
 Assistance of counsel guaranteed under THE Sixth AMendment This

A woman was murdered in Prince Edward Island, Canada. Her estranged husband was implicated because a snowy white cat hair was found in a jacket near the scene of the crime, and DNA fragments from the hair matched DNA fragments from Snowball, the cat belonging to the husband's parents. *M. Menotti-Raymond et al., "Pet cat hair implicates murder suspect," Nature, 386: 774, 1997.*

- **Angiosperm Witness for the Prosecution**

The first case in which a murderer was convicted on DNA evidence obtained from a plant was described in the PBS TV series, "Scientific American Frontiers." A young woman was murdered in Phoenix, Arizona, and a pager found at the scene of the crime led the police to a prime suspect. He admitted picking up the victim, but claimed she had robbed him of his wallet and pager. The forensic squad examined the suspect's pickup truck and collected pods later identified as the fruits of the palo verde tree (*Cercidium spp.*). One detective went back to the murder scene and found several Palo Verde trees, one of which showed damage that could have been caused by a vehicle. The detective's superior officer innocently suggested the possibility of linking the fruits and the tree by using DNA comparison, not realizing that this had never been done before. Several researchers were contacted before a geneticist at the University of Arizona in Tucson agreed to take on the case. Of course, it was crucial to establish evidence that would stand up in court on whether individual plants (especially Palo Verde trees) have unique patterns of DNA. A preliminary study on samples from different trees at the murder scene and elsewhere quickly established that each Palo Verde tree is unique in its DNA pattern. It was then a simple matter to link the pods from the suspect's truck to the damaged tree at the murder scene and obtain a conviction. [WNED-TV (PBS - Buffalo, N.Y.)]

DNA Forensics Databases

National DNA Databank: CODIS

The Combined DNA Index System, CODIS, blends computer and DNA technologies into a tool for fighting violent crime. The current version of CODIS uses two indexes to generate investigative leads in crimes where biological evidence is recovered from the crime scene. The Convicted Offender index contains DNA profiles of individuals convicted of felony sex offenses (and other violent crimes). The Forensic index contains DNA profiles developed from crime scene evidence. All DNA profiles stored in CODIS

are generated using STR (short tandem repeat) analysis.

CODIS utilizes computer software to automatically search its two indexes for matching DNA profiles. Law enforcement agencies at federal, state, and local levels take DNA from biological evidence (e.g., blood and saliva) gathered in crimes that have no suspect and compare it to the DNA in the profiles stored in the CODIS systems. If a match is made between a sample and a stored profile, CODIS can identify the perpetrator.

This technology is authorized by the DNA Identification Act of 1994. All 50 states have laws requiring that DNA profiles of certain offenders be sent to CODIS. As of August 2007, the database contained over 5 million DNA profiles in its Convicted Offender Index and about 188,000 DNA profiles collected from crime scenes but which have not been connected to a particular offender.

(source:<http://www.fbi.gov/hq/lab/codis/clickmap.htm>)

As more offender DNA samples are collected and law enforcement becomes better trained and equipped to collect DNA samples at crime scenes, the backlog of samples awaiting testing throughout the criminal justice system has increased dramatically. In March 2003 President Bush proposed \$1 billion in funding over 5 years to reduce the DNA testing backlog, build crime lab capacity, stimulate research and development, support training, protect the innocent, and identify missing persons. For more information, see the U.S. Department of Justice's Advancing Justice Through DNA Technology.

Dear Mr. Martinez:

We have received your recent request for an investigation of Richard Paull and Deana Binstock.

We have again determined that your complaints relate primarily to the attorneys' competence and effectiveness as your defense counsel. Because allegations of ineffective assistance of counsel are appropriately addressed and resolved in the courts, this Commission will not consider such allegations unless a court has first found that the attorney was ineffective.

If, in the future, any court finds that either attorney failed to represent you effectively, we again invite you to send us a copy of the court's decision. At that time, we will determine whether further action by this office may be warranted. Until such time, we will take no further action with respect to your requests.

9. That a thumbprint of the convicted offender is recorded on the submission paperwork at the time the buccal swab of that offender is collected.
10. That when an association is made between a convicted offender sample and an evidence sample, a qualified latent fingerprint examiner verifies that the thumbprint on the submission paperwork from the convicted offender matches the thumbprint on a reliable ten-print arrest card, already on file, of that same convicted offender.
11. That this thumbprint verification was completed in the case involving Luis Martinez.
12. That this verification process also entails DNA analysis of an additional buccal swab from the convicted offender sample kit, which verifies the DNA profile in CODIS is correct. This is known as Sample Verification, which is performed with each case-to-offender hit before results are released to law enforcement.

13. Taylor Scott would further testify that on October 20, 2005, he sent a letter to Kathleen Kozak, the CODIS Administrator at ISP Forensic Science Center at Chicago, regarding the Sample Verification. If shown a copy of that letter, he would identify it as the letter he sent and it would be admitted into evidence as Defendant's # ____

14. That the association between a convicted offender sample and an evidence sample is known as a case-to-offender hit. That this search is a preliminary association to the suspect and after verification, this hit requires confirmatory forensic DNA analysis.

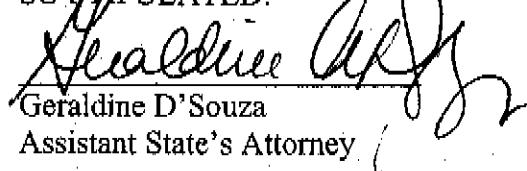

15. That this confirmatory DNA analysis consists of a new buccal swab taken from the suspect, pursuant to the investigation.

16. This confirmatory standard is collected under an evidentiary chain of custody as required by the Illinois State Police Forensic Sciences Command for evidence.

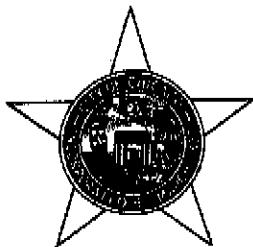

17. This confirmatory DNA analysis is known as a Hit Confirmation.

18. That after confirmatory DNA analysis, a laboratory report is generated which reports the suspect as a possible donor of the evidence sample and reports a statistical frequency which estimates how rare the evidence profile is in various large ethnic populations.

F

F. Under the old English criminal law, this letter was branded upon felons upon their being admitted to clergy; as also upon those convicted of fights or frays, or falsity. *Federal Reporter, First Series.*

F.2d. *Federal Reporter, Second Series.*

F.A.A. Federal Aviation Administration. In maritime insurance means: "Free of all average", denoting that the insurance is against total loss only.

Fabrea /fəbrəkə/ . In old English law, the making or coining of money.

Fabricare /fəbrɪkərɪ/ . Lat. To make. Used in old English law of a lawful coining, and also of an unlawful making or counterfeiting of coin. Used in an indictment for forging a bill of lading.

Fabricate. To invent; to devise falsely.

Fabricated evidence. Evidence manufactured or arranged after the fact, and either wholly false or else warped and discolored by artifice and contrivance with a deceitful intent. To fabricate evidence is to arrange or manufacture circumstances or *indicia*, after the fact committed, with the purpose of using them as evidence, and of deceitfully making them appear as if accidental or undesigned. To devise falsely or contrive by artifice with the intention to deceive. Such evidence may be wholly forged and artificial, or it may consist in so warping and distorting real facts as to create an erroneous impression in the minds of those who observe them and then presenting such impression as true and genuine. See also *Fabricated fact*.

Fabricated fact. In the law of evidence, a fact existing only in statement, without any foundation in truth. An actual or genuine fact to which a false appearance has been designedly given; a physical object placed in a false connection with another, or with a person on whom it is designed to cast suspicion. See also *Deceit; Fraud*.

Fabric lands. In old English law, lands given towards the maintenance, rebuilding, or repairing of cathedral and other churches.

Fabula /fəb'yələ/ . In old European law, a contract or formal agreement; particularly used in the Lombardic and Visigothic laws to denote a marriage contract or a will.

Face. The surface of anything, especially the front upper, or outer part or surface. That which particularly offers itself to the view of a spectator. The words of a written paper in their apparent or obvious meaning, as, the face of a note, bill, bond, the draft, judgment record, or contract. The face of a judgment for which it was rendered exclusive interest. *Cunningham v. Great Southern Life Co., Tex.Civ.App., 66 S.W.2d 765, 773.*

Face amount. The face amount of an instrument that, shown by the mere language employed, excludes any accrued interest. See *Face of instrument; Face value*.

Face amount insured by the policy. Within statute relating to extended life insurance, means the amount which is, in all events, payable under the policy as straight life insurance without regard to additional features such as accident or disability insurance. *Wilkins v. Metropolitan Life Ins. Co., 350 Mo. 165 S.W.2d 858, 861, 862; Wilkins v. Metropolitan Life Ins. Co., 236 Mo.App. 586, 159 S.W.2d 354.* See also *Face of policy; Face value*.

Face of instrument. That which is shown by the language employed, without any explanation, modification, or addition from extrinsic facts or evidence. *Investors' Syndicate v. Willcuts, D.C.Minn., 45900, 902.* Thus, if the express terms of the policy disclose a fatal legal defect, it is said to be "void in its face." Regarded as an evidence of debt, the face of an instrument is the principal sum which it purports to be due or payable, without any addition of the way of interest or costs.

Face of judgment. The sum for which it was rendered exclusive of interest.

Face of policy. A phrase which, as used in statute forbidding life insurance policies to contain provisions for any mode of settlement at maturity of less than the amount insured on the "face of the policy", does not mean merely the first page, but denotes the entire insurance contract contained in the policy, including a rider attached and referred to on the same page. See also *Face value*.

Face of record. The entire record in a case, not merely what the judgment recites. Every part of trial proceedings reserved in courts of record under direction of court for purpose of its records. *Permian Oil v. Smith, 129 Tex. 413, 107 S.W.2d 564, 566.* "face of the record" means, in a criminal case, indictment and the verdict. See also *Record*.

CONSOLIDATION

which happens when the usufructuary acquires the estate, or vice versa. In either case the usufruct is extinct.

In *ecclesiastical law*, the union of two or more benefices in one.

In *corporate law*, the combination of two or more corporations into a newly created corporation. Thus, A Corporation and B Corporation combine to form C Corporation. A consolidation may qualify as a non-taxable reorganization if certain conditions are satisfied. See also *Articles of consolidation*; *Consolidation of corporations*; *Merger*.

Consolidation of actions. The act or process of uniting several actions into one trial and judgment, by order of a court, where all the actions are between the same parties, pending in the same court, and involving substantially the same subject-matter, issues and defenses; or the court may order that one of the actions be tried, and the others decided without trial according to the judgment in the one selected.

When actions involving a common question of law or fact are pending before the court, it may order a joint hearing or trial of any or all the matters in issue in the actions; it may order all the actions consolidated; and it may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay. Fed.R. Civil P. 42(a); New York C.P.L.R. § 602.

See also *Joinder (Joinder of claims)*.

Consolidation of cases. See *Consolidation of actions*.

Consolidation of corporations. Occurs when two or more corporations are extinguished, and by the same process a new one is created, taking over the assets and assuming the liabilities of those passing out of existence. A unifying of two or more corporations into a single new corporation having the combined capital, franchises, and powers of all its constituents.

Merger distinguished. In a "merger", one corporation absorbs the other and remains in existence while the other is dissolved, and in a "consolidation" a new corporation is created and the consolidating corporations are extinguished. See also *Merger*.

Consonant statement. A prior declaration of a witness whose testimony has been attacked and whose credibility stands impeached, which the court will allow to be proved by the person to whom the declaration was made in order to support the credibility of the witness and which but for the existence of such impeachment would ordinarily be excluded as hearsay.

Consortio malorum me quoque malum facit /konsórh(ly)ow malórm my kwówkwiw málum féyset/. The company of wicked men makes me also wicked.

Consortium /konsórh(ly)am/: Conjugal fellowship of husband and wife, and the right of each to the company, society, co-operation, affection, and aid of the other in every conjugal relation. Roseberry v. Starkovich, 73 N.M. 211, 387 P.2d 321, 322; Nicholson v. Blauchette, 239 Md. 168, 210 A.2d 732, 740. Damages for loss of consortium are commonly sought in wrongful death actions, or when spouse has been seriously injured through negligence of another, or by spouse against third person alleging that he or she

has caused breaking-up of marriage. "Loss of consortium" means loss of society, affection, assistance and conjugal fellowship, and includes loss or impairment of sexual relations. Deems v. Western Maryland Ry. Co., 247 Md. 95, 231 A.2d 514, 517. Cause of action for "consortium" occasioned by injury to marriage partner, is a separate cause of action belonging to the spouse of the injured married partner and though derivative in the sense of being occasioned by injury to spouse, is a direct injury to the spouse who has lost the consortium. Peebles v. Sargent, 77 Wis.2d 612, 253 N.W.2d 459, 471. See also *Alienation of affections*.

In the civil law, a union of fortunes; a lawful Roman marriage. The joining of several persons as parties to one action.

In old English law, the term signified company or society, and in the language of pleading, as in the phrase *per quod consortium amisit*, it has substantially the same meaning, viz., the companionship or society of a wife. 3 Bl.Comm. 140.

Consortship. In maritime law, an agreement or stipulation between the owners of different vessels that they shall keep in company, mutually aid, instead of interfering with each other, in wrecking and salvage, whether earned by one vessel or both.

Conspicuous place. Within the meaning of a statute relating to the posting of notices, a "conspicuous place" means one which is reasonably calculated to impart the information in question.

Conspicuous term or clause. A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NON-NEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous". A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. Whether a term or clause is "conspicuous" or not is for decision by the court. Uniform Consumer Credit Code, § 1.301(6); U.C.C. § 1-201(10).

Conspiracy /kanspfrsíy/: A combination or confederacy between two or more persons formed for the purpose of committing, by their joint efforts, some unlawful or criminal act, or some act which is lawful in itself, but becomes unlawful when done by the concerted action of the conspirators, or for the purpose of using criminal or unlawful means to the commission of an act not in itself unlawful.

A person is guilty of conspiracy with another person or persons to commit a crime if with the purpose of promoting or facilitating its commission he: (a) agrees with such other person or persons that they or one or more of them will engage in conduct which constitutes such crime or an attempt or solicitation to commit such crime; or (b) agrees to aid such other person or persons in the planning or commission of such crime or of an attempt or solicitation to commit such crime. Model Penal Code, § 5.03.

Crime of conspiracy is distinct from the crime contemplated by the conspiracy (target crime), Com. v.

§ 625 ILCS 5/16-201. Parties to a crime

Sec. 16-201. Parties to a crime. Every person who commits, attempts to commit, conspires to commit, or aids, or abets in the commission of any act declared to be a crime, whether individually or in connection with one or more other persons or as principal, agent or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcibly, or wilfully induces, causes, coerces, requires, permits, or directs another to violate any provision of this Act is likewise guilty of such offense.

(Source: P.A. 76-1586.)

The evidence clearly established that defendant did aid, abet and assist a driver to leave the place of an accident without giving his name, address or motor vehicle number, and that the jury was warranted in believing that defendant not only aided and abetted the driver to leave the scene of the accident without revealing his identity, but subsequently endeavored to keep the authorities from discovering who caused the accident. *People v. Nails*, 10 Ill. 2d 279, 139 N.E.2d 744 (1957).

Applicability

- Parking Violations

This section and 625 ILCS 5/16-202 do not impliedly establish a policy that an owner cannot be vicariously liable for municipal parking violations; these sections apply only to criminal violations of this Code. *City of Chicago v.
